

Hudson Hills 2023-2024

Health Requirements & Recommendations

- New York State requires an annual physical exam for new entrants and all students in grades Pre-K, K, 1, 3, 5 and 7. Current physicals, vaccinations and related forms should be on file in our office prior to the start of the new school year. Any physician form is acceptable. If your child wears glasses—a report from the latest eye exam would also be helpful.
- It is recommended that new entrants and those in grades K, 1, 3, 5 and 7 have a dental check-up. A copy of this report would be helpful but not required.
- If your child will be taking medicine at school, a form from your health care provider and a parent permission note are needed. This policy includes both prescriptions and over the counter medications.
- Please note that New York State has removed non-medical exemptions from school vaccination requirements for children. Religious exemptions are no longer able to be accepted and appeals need to be made directly to the New York State Department of Health. www.Health.ny.gov

Please submit all forms via email, fax, or drop off a copy at the school on or before the first day of school each year.
